To Whom It May Concern:

We must still

Last March, the Jeff Cherubin Domond Foundation organized its 6th Medical mission trip to Marbial, Haiti. Once more, Christine Zacharko, the owner of Glasses To Go... Ltd, who participated in a previous mission trip two years ago, lead another team this time. She was accompanied by her friends Dr. Meghan Martyna, Melanie Normandeau, and Elaine Gorman.

It was amazing to see how well they work together as a team and it was because of Christine's leadership, organizational skills that was clearly present. They dispensed over 1300 pairs of eyeglasses (prescription, reading, protection, sun glasses) and 200 bottles of eye drops to patients in need.

Our vision

They worked four full days and up to twelve hours a day under hard conditions serving people who desperately in need of help; people who have no financial means to provide for themselves. Moreover the team brought gifts for both adults and children who were delighted to receive them. It was a team work and they did a great job and the people of Marbial appreciated their service dearly.

Elevate

My wife and I who organize this medical mission trip yearly were personally touched by their effort, attitude and dedication to serve those brothers and sisters of ours. We both want to thank Dr. Meghan Martyna, Melanie Normandeau, Elaine Gorman, the Optician Association of Canada, friends and relatives, and in a very special way Christine Zacharko who helped making this clinic possible. Christine's optical knowledge of what the people need here in Marbial was wonderful. It was a gift to have her skills and knowledge leading the vision team

Thank you, Christine, for your time and dedication. Thank you for organizing the Eye Clinic this year for our Medical mission. We sure could use your help in the future if you want to join the team again. We would love to have you back.
